agyanshykumar@gmail.com

sector V, Kolkata, India

### PROFESSIONAL SUMMARY

I am an Associate Software Engineer with over 3 years of comprehensive experience in software and web development. I am highly skilled in developing and maintaining software applications, debugging software, and solving complex coding problems. My greatest strengths include analytical thinking, problem solving, communication, and teamwork. I have successfully implemented a variety of projects using Java, HTML, CSS, and JavaScript. Additionally, I am experienced in leveraging various tools such as Jira, GitHub, and Jenkins for the successful completion of projects. My biggest achievement to date is the development of an automated billing system that has reduced human resource costs by 25%. I am passionate about my work and eager to continue learning new technologies and developing high-quality software solutions.
